

THESE STUDENTS LIVE AND BREATHE TECHNOLOGY, WE MUST USE THE TOOLS THAT THEY ARE SO IMMERSED IN.

LOUIS ZULLI JR.

IT Instructor and Network Administrator
at Center for Advanced Technologies
Lakewood High School (St. Petersburg, Fla)

Innovative Educator Profile

Philosophy & Approach

WHY I BECAME AN EDUCATOR?
I had the idealism born of the 60's and early 70's. I thought I would make a difference and change the world.

PHILOSOPHY:
We need to throw off the approach to education of the past and allow greater freedom to the student. We must become the guide on the side, not the sage on the stage.

LEARNING ENVIRONMENT:
I like to create a collaborative, project-based environment with my role as a manager.

TECHNOLOGY:
Technology is important in my classroom because these students live and breathe technology and we must use the tools that they are so immersed in.

KEYS TO SUCCESS:
The three things students must have to be successful is the opportunity, responsibility and an atmosphere of creativity.

Personal Profile

WINNER
Partners in Learning
2011 U.S. Forum

AWARD CATEGORY:
Use of Technology for Learning

HOMETOWN:
Fairview Park, Ohio

HOBBIES/INTERESTS:
Harley-Davidsons, playing golf, hanging out with my family and cooking.
